

**THE WORLD OF
WELDED WIRE**

WALLACE
PERIMETER SECURITY

RAMPART WELDED WIRE FENCING

Solid security, sleek elegance. In a world where security and safety meet style, Rampart Welded Wire Fencing stands tall. It's more than just a protective barrier. Welded wire enhances the landscape of any property it surrounds.

WELDED WIRE ELEGANT SECURITY

**RAMPART 280
DOUBLE WIRE**

A durable choice for securing public transportation. It's anti-climb and anti-cut design provides security without compromising style.

**RAMPART 280
DOUBLE WIRE**

Schools prioritize peace of mind, and so does Rampart Welded Wire. With no protruding bolts, edges or sharp corners, Rampart is the perfect solution to protect children at play.

RAMPART 358 SECURITY

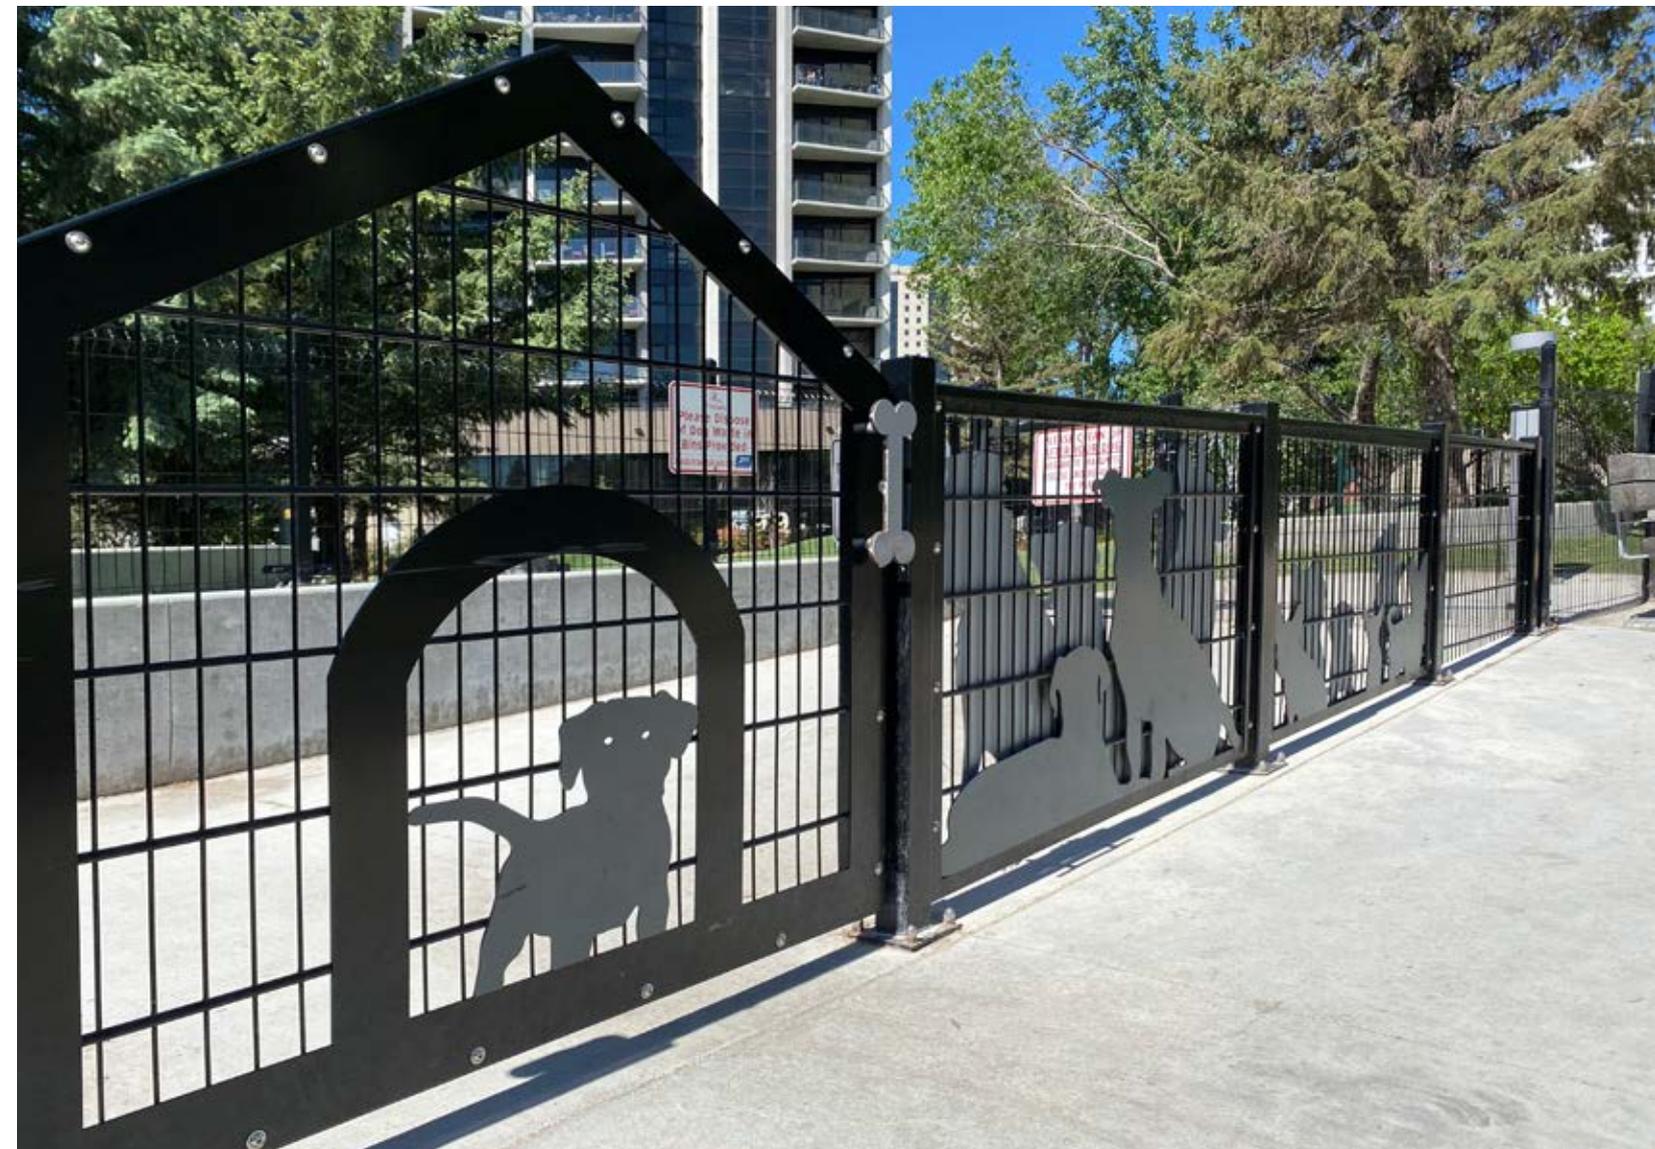

The small openings make it impossible to scale and challenging to breach. It's the right choice to protect high value targets.

RAMPART 354 SECURITY

Providing the highest level of security. The small mesh size with additional horizontal wiring ensures a strong, rigid panel. The defender bracket system makes installation seamless and flexible. A firm, full-height shield bracket makes the fence difficult to sabotage.

**RAMPART 286
SINGLE WIRE**
The preferred choice for sports fields and recreational areas. Panels install quickly, lowering installation costs, and their strength and stability will ensure a beautifully defined perimeter for decades.

PRIVACY INSERTS
Using privacy and lighting as design elements brings a unique look to any landscape.

RAMPART 358 SECURITY
Panels are versatile enough to address a range of enclosure needs. Their wire construction ensures security, all while seamlessly blending with the natural beauty of the surroundings.

**RAMPART 280
DOUBLE WIRE**
Privacy inserts
mimic the effect
of a brick wall,
creating an
inviting enclosure
at just a fraction
of the price.

A black metal fence with double wire, featuring large, colorful, patterned letters spelling "NATURE PLAYGROUND". The letters are made of a material with a blue, pink, and white floral pattern. The fence is set in a lush garden with tall grasses, purple flowers, and pink hydrangeas in the foreground. In the background, there are trees and a grey utility box. A woman is visible in the distance behind the fence.

NATURE PLAYGROUND

RAMPART 280 DOUBLE WIRE

Incorporate Rampart Welded Wire to elevate the aesthetics, safety, and design of your outdoor projects. A versatile choice for gardens, playgrounds, and beyond.
